

STANDING SEAM ANCHOR

The Malta Dynamics Standing Seam Roof Anchor is designed for 360 degree fall protection when fixed on metal standing seam roofs. This anchor has a swivel anchor point on the top that provides a universal connection and can be used as an anchorage point. The anchor can be fixed to the roof with the use of a Grub Screw and socket set.

Key Features

- Designed to be fixed on metal standing seam roofs
- Swivel anchor point for 360 degree motion
- Meets ANSI Z359.1:2007
- Materials: Aluminum alloy & stainless steel
- Minimum Breaking Strength: 5000lbs
- Weight: 2.2lbs
