

Task Master Hydraulic Tractor & Attachments

PANTHER EAST

The versatile and powerful Task Master Hydraulic Tractor is a self-propelled machine. Perfect for removing snow or debris from any flat rooftop. It is designed with hydraulic outputs for powering different attachments such as the Plow and Sweeper shown below. Heavy-Duty hydraulic drive system allows a smooth transition of speed from a slow crawl to a fast walk. The Plow attachment offers 35° of angle adjustment to the left or right and moves roofing debris or snow out of the way quickly and easily.

Call today if you would like me to bring one out to you, to see it for yourself. 814-455-0290, ask for James.

Versatile

Pictured below is the Hydraulic Tractor with the Plow attachment attached and the Sweep attachment next to it. The 40" Hydraulic Sweeper attachment is a powerful, low maintenance sweeper for the high production roofer.

Roof Remover Attachment

With a Roof remover attachment, the ASE Hydraulic Tractor becomes one of the most powerful roof removers on the market. A hydraulic motor drives the cutting blade repeatedly between the built-up roof and the roof deck.

Engine:	13 HP. Honda
Wheels:	18 x 19.50 Superlug
Shipping Weight:	500 Lbs
Shipping Dimensions:	64" x 31" x 30"
Optional:	Electrical Start
Optional:	Foam Filled Tires
